

EXECUTIVE SUMMARY

In accordance with the regulatory requirements, all Bahraini conventional bank licensees are required to report the composition of capital in addition to the main features of the regulatory instruments. Furthermore, banks must provide a report of all regulatory capital elements with a reconciliation to the published financial statements.

This Composition of Capital and Reconciliation disclosures document encompass the above requirements by the Central Bank of Bahrain (CBB). The information presented herein pertains to SICO BSC (c) consolidated with its subsidiaries (together termed as "SICO" or the "Bank").

Reconciliation Requirements: Established to ensure that a full reconciliation of all regulatory capital elements back to the published consolidated financial statements is provided in a consistent manner.

Capital Components: Discloses the components of capital, taking into consideration the transitional arrangements. The disclosure provides the full terms and conditions of regulatory capital instruments and reports the calculation of any ratios involving components of regulatory capital, to enable the Prudential Information Returns (PIR) to be reconciled with the consolidated financial statements.

Main Features of Regulatory Capital Instruments: Provides a description of the main features of regulatory capital instruments issued. Established to ensure that banks provide a description of the main features of the regulatory capital instruments issued.

Step 1: Balance sheet under the regulatory scope of consolidation

This step is not applicable to the Bank since the scope of regulatory consolidation and accounting consolidation is identical.

Step 2: Reconciliation of Published Financial Balance Sheet to Regulatory Reporting as at 30 SEP 2025
